  - How to Wow Recruiters that Message You
  - How to Make a Good Impression in a Virtual Job Interview
  - My Internship Got Canceled… Now What?
  - 6 Ways to Make the Most of a Remote Internship

*Curious about what companies are hiring?*
The job/internship search might feel daunting during this time as we hear so many companies are laying off their employees. However, there are a lot of companies still hiring - from IT, sales,
customer services, manufacturing and so much more! Don’t slow down on your job/internship search. Employers still really want to talk to YOU! Check out this live COVID-19 Hiring Tracker for a list of companies hiring and laying off.

LinkedIn Learning - 1 month of free courses to develop new skills!

Learn in-demand skills with over 14,000+ online courses taught by real-world professionals. The 1st month is free! Take some time this summer and develop a few new skills that employers are looking for.

Federal hiring is occurring
If you haven’t thought about obtaining employment through the federal government, consider it for internships and jobs after graduation. Take a look at usajobs.gov. Explore their open positions and check out their virtual webinars.

The team at Career Services is working at full capacity remotely creating virtual events, connecting students with employers, and helping students adjust to their new normal. Please make an appointment with your career coach to have a conversation.

Keep up the good work!
